BACKGROUND

1. Introduction

African Security and Consultancy Limited (ASC) is a firm of security experts registered in Tanzania in the year 2010. The firm specializes in Training, Research Security Technologies and Innovation and Consultancy in the Security industry both within and out of Tanzania. The firm is headed by a Managing Director who leads a team of experts carefully selected by virtue of their professional skills and enormous experience and excellence in security issues at national and international levels. The reason for choosing us lies in our team of consultants who have an extensive knowledge and practical experience in delivering solutions to problems and issues affecting the Security industry worldwide. We approach security as a multifaceted issue that requires knowledge and skills from social, economic, military, political, technological, health, environmental and many other facets of security. Our consultants have superior knowledge and expertise in every area of services that the firm offers. We are culturally and professionally competent to deliver quality consultation services to Government agencies, Private sectors, transnational corporations, and other International Agencies that are operating in Africa.

We have strong knowledge of the African continent, its people and which makes our innovative approach of improving Security & Policing unique while taking into consideration, factors such as: Culture Sensitivity, Community Involvement, Respect of Human Rights, Corporate Responsibility, etc. we are seen as the most effective linkage between Africa and the rest of the world when it comes to Law enforcement & Security management.
